

Say Goodbye to Boring Test Prep!

OnToCollege partners with over 440 schools in 25 states to strengthen their college and career readiness culture through effective ACT & SAT test prep (grades 6-12) and college counseling tools.

Engaging & Motivational

Our courses are entertaining and encouraging, and we provide students with motivation and a “Why to Try.”

Effective

Our 440+ partner schools routinely see school-wide increases of 1-3 points on the ACT and 50-150 points on the SAT.

Easy-to-Use

Teachers don't have to create or teach the materials. And students aren't overwhelmed by our 8-page curriculum.

School-Wide

All of your students deserve the best test prep. We have courses for students at all levels.

“

I wanted to share our ACT results for the Class of 2019 with you. This is the first group that has gone through the OnToCollege program. We tested more students than ever before and outperformed the state. Our state rank in MN increased from 159th to 118th in one year!”

BRIAN JONES

Principal, Marshall High School, MN
