

**Greater Education
SUMMIT**

NOVEMBER 12-14, 2023
Cragun's Resort, Brainerd, MN

CALL FOR PROPOSALS

SUBMISSIONS DUE APRIL 30, 2023

The Greater Education Summit is Minnesota's only rural education conference, bringing together a diverse community of K-12 administrators, teachers, school board members and supporters for active engagement and learning.

MREA is seeking workshop and breakout session proposals to share best practices, solutions, and research on innovative education and student learning in Greater Minnesota and rural areas.

Proposals should help maximize K-12 educator and school board learning and knowledge, focused on developing and sharing narratives from a position of rural strength and vitality. Submissions are encouraged in all contexts and focus areas at all experience levels.

Focus Areas

MREA members want to learn and be inspired by how rural colleagues are solving educational problems and addressing these focus areas:

- **Resilient and Healthy Rural Education**
 - Retaining and supporting qualified teachers and staff
 - Transformation around change and adversity
 - School and business/community collaborations

- **Local and Global Learning Perspectives**
 - Workforce and talent development for sustainable futures
 - Students as today's learners and tomorrow's leaders
 - AI and data science learning integration

- **Welcoming Places and Spaces**
 - Disruptive practices and supports to improve student outcomes
 - Connection and belonging to foster engagement
 - School climate that values safe learning

- **Other Developments Shaping Education in the Classroom, Building, and Boardroom**

- **Qualifying Topics for MN Educator License Renewals**

Session Guidelines

Sessions will generally host from 25 to 70 participants each, depending on room size.

Sessions and workshops are offered in shorter and longer durations over two days:

- **50-minute Breakout Sessions** Monday and Tuesday morning sessions should provide an overview into a specific innovative or promising practice or research.
- **75-minute Workshops** Monday afternoon sessions should provide more depth into innovative or promising practices or research. This format is best for an in-depth and interactive learning experience to a panel discussion, to an informal conversation where audience participation is the main component.

Proposal Development

Preference will be given to proposals with at least one Greater Minnesota educator as co-presenter. Sessions may be accepted on the condition that a rural school representative will be co-presenter.

Proposals must include:

- **Compelling Title** with FIVE words maximum. MREA reserves the right to edit titles.
- **Session Description** clearly identifying:
 - Topic being addressed
 - Target audience among school administrators, teachers, and school board members
 - Two learning outcomes
 - Engagement activities
 - Participant resources
- **Contact Information** for presenter and co-presenter. Names and organizations must appear as you would like them listed in event promotions.
- **Recent Groups** to whom and when this presentation was delivered

Proposal Submission & Selection

Submit your proposal online by midnight, April 30.

Proposals will be reviewed and selected by the Summit Committee. Presenters and co-presenters will be emailed mid-June regarding proposal status.
